

Activity: CLOUT Archery -Additional RISK controls

Ref: HB-RAO1b

Date:	December 2018	Assessment carried out by:	Paul Comina, Chairman, Coaching Officer and Level 2 Coach, Harlequin Bowmen
--------------	---------------	-----------------------------------	---

Risk Rating if no Controls:	HIGH	Medium	Low
------------------------------------	-------------	--------	-----

Risk Rating with Controls in place:	High	MEDIUM	Low
--	------	---------------	-----

All control measures highlighted for target shooting should be followed when clout archery is taking place.

In addition to these measures the following extra controls should be in place:

Specific Hazards and consequent risks	People at Risk	Controls	Further Action
			And name of persons responsible for carrying out control actions.
Target archer being hit by clout archery arrows and <i>vice versa</i>	All archers	<ol style="list-style-type: none"> 1. Target archery may take place during clout events. However, target archers should set up at the eastern end of the shooting line. 2. ALL archery, at both ends of the shooting line, will be under the control of a SINGLE field captain, who shall be in place on the Clout shooting line to oversee activity on the whole field. 3. The field captain is responsible for ensuring archers at both ends of the shooting line follow the GNAS shooting procedures and should indicate whistle controls loudly and clearly to ensure no confusion. 4. Target archers who have completed shooting their arrows should step WELL AWAY from the shooting line so that the field captain is able to see when they have completed shooting. 5. Target archers MAY NOT SHOOT until all clout archers have returned to the shooting line and permission to shoot has been given by the field captain. 	ALL PARTICIPANTS

Taken from ‘Shooting Procedures’ document, April 2016”

Harwell Campus Shooting Range-MIDDLE FIELD

Last revised: Dec 2018

Additional Notes:
CLOUT FIELD
LAYOUT

North

Clout shooting line offset diagonally c.f. normal shooting line.

Gates at the northern end will be closed, with signage at path to prevent public access during shooting times.

The western edge of the field will be fully roped off to prevent members of public entering the shooting range. Signage is fixed to trees at SW corner permanently.
